Another set of school holidays is over and we can all now get back to business as usual. We have highlighted a number of diverse products this month and offered some really sharp specials which we hope are of interest. Finally a reminder that our price increase comes into effect from 1 August.

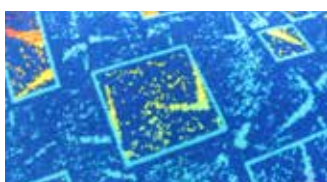

Bojangles – transport fabric

This hardwearing Polyester transport fabric has a large number of end uses such as Marine squabs, Bus and Mini van seating as well as general upholstery.

Bojangles has been abrasion tested to 80,000 rubs. A full specification sheet can be downloaded from our website.

Composition. (Back coated fabric). Pile: 100% Polyester. Overall: 86% Polyester, 9% Viscose, 5% Backcoating. Weight: 600 gm/square metre ± 8%.

140cm width 4 colours.
