**Another year almost over, one in which we hope business went well for all of you.**

A reminder that we will be closing at 12.30pm on Thursday the 21st of December and reopening with a skeleton staff on Monday the 8th of January.

Being the silly season, our freight suppliers have already advised us of greatly increased volumes. This can and will cause delays. Please keep this in mind when ordering.

We wish you all a happy and safe time over the Christmas period and look forward to seeing everyone refreshed and ready to go in 2018.

## Llaza Monobloc 350 Awnings - High quality European designed and manufactured awning system

### SIMPLICITY AND STYLE

This is an awning from the invisible arm range featuring the Monobloc system, a self-bearing square bar which enables the awning to cover large areas simply and effectively.

- Lacquer in accordance with QUALICOAT standards.
- Stainless steel screws and bolts.
- The system is made primarily out of aluminium, which is used in the frame of the awning. Aluminium provides strength, has a long lifespan and is easy to use.

The Monobloc 350 will be available pre assembled – although individual components can also be purchased.

- Colours – White, Silver and Black.
- Arm lengths 2m(white only), 2.5m, 3m and 3.5m.
- Awning width 4m – 5.8m.

We offer both wall and ceiling or soffit mounting options, and manual or motorised.
