Happy New Year and welcome back after a well deserved break.

A new year begins with lots of opportunities for all of us. We introduced a number of new and exciting products during 2017 as well as adding to existing product ranges. Our commitment is to continue to do the same in 2018. We are all looking forward to a prosperous and busy year and are excited about being able to be of service to your business.

## Foam Backed Headlinings

It's that time of year when headlinings start to fail in the heat. We stock a range of quality circular knit foam backed headlinings.

100% Knitted and Brushed Polyester Fabric Laminated to 3.5mm Foam with a 20 Denier Nylon Backing. The tricot open weave backing provides a barrier between the foam and the adhesive to reduce the risk of excess adhesive being sprayed onto the foam. Six of the range feature a circular knit weave that provides extra two way stretch for difficult shaped headlinings.

### VELCRO® Brand Industrial MVA8 Moulded Hook 25mm Black 20m Rolls

Heavy duty moulded hook tape that has very high strength and is suitable for applications requiring a more permanent fixing. MVA8 hook is a moulded nylon hook with an arrowhead design. This tape can be mated with woven nylon or polyester loop (such as **FAVP25LBK**), forming a closure with almost twice the fastening strength of 'standard' woven nylon hook and loop.

Ideal for marine headlining applications

Available in both standard and pressure sensitive (adhesive backed)
