June was a busy month for the R & T team with Kay from Recasens and Xavier from Llaza both over from Spain. There are some new exciting Llaza awning and drop screen products that we are introducing in time for our summer and we were able to showcase these to a number of customers and the feedback was extremely positive. The OFPANZ conference in Christchurch also gave us the opportunity to present the new LLaza products and many comments were made on the European styling and the high level of innovation in these products.

More details on these products will follow in the coming months.

Attendance at the OFPANZ conference was at near record levels with a contingent over from Australia and a representative of IFAI in America. We would like to encourage each of you to take advantage of these conferences and trade shows when they are in your area.

COMING SOON

Slikfit – Buttonless Tonneau System

We have just been appointed as the sole NZ distributor for Slikfit and our first shipment is due later this month. It is a patented tonneau track system that makes it possible to fit a buttonless tonneau to any ute.
