For some parts of the country, fuel prices are currently at record levels - another additional cost that businesses have to contend with and a likely rationale behind the 3.9% increase in courier freight costs that will come into effect 1 July. CRC have also increased their prices across the board by 1.9% this became effective from 1st of May. On a brighter note CRC - Ados have introduced a new product Stuff Off to their range which we have highlighted in this flyer.
