Our congratulations go out to the wonderful team of Athletes and support people that represented New Zealand at the recent Commonwealth Games. To any of you that had friends or family involved in this team we all have reason to stand along side you and be proud of them.

Grant Stewart and Aaron Brereton have just returned from a trip to Europe, where they visited both the Recasens and Llaza premises. They were extremely impressed with the scale and sophistication of both their operations. Whilst they were there they also visited the R + T Stuttgart show, which featured sun protection systems. It was spread over 10 huge pavilions, had over 65,000 visitors from 140 nations, and provided some great insights into upcoming global trends in the awning industry.

We are looking forward to Kay from Recasens and Xavi from Llaza visiting New Zealand in June, and hope to arrange catchups with interested customers.

With the change of seasons this month, we are highlighting a number of items that reflect the cooler weather.
