The clocks have sprung forward for Daylight Saving. This signals a time when many people will start to consider new or replacement drop screen and awnings. Order now in time for summer.

NEW

Llaza products
DUE TO ARRIVE SOON

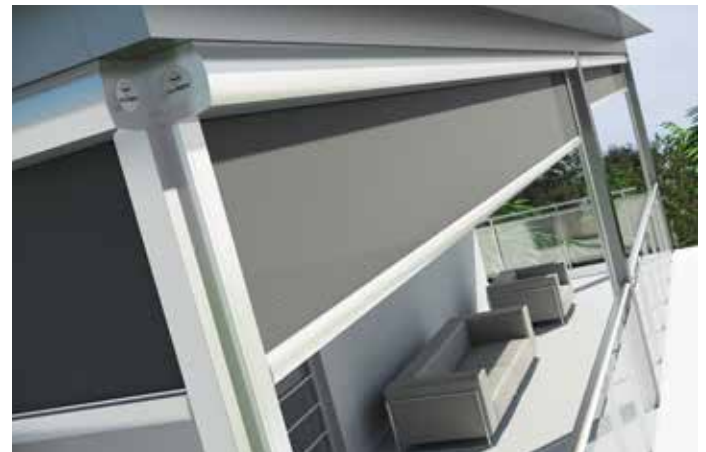

Bip-Screen® 500

The latest generation of vertical awnings.

Perfect for windows and balconies to protect from the sun, wind and rain. The Bip system (patented by Llaza) ensures that the fabric stays in the side guides. It uses clippable guides so no screws or rivets are visible. The system's strength has been verified by wind tunnel testing. Available motorised or manual. Recommended maximum span is 5 metres.

Fabric recommendations are RECScreen Outdoor Mesh – available in 10 colours, or our ReClear PVC.

Microbox 300

A self protecting drop arm awning ideal for installation above windows.

The header box helps keep the fabric in perfect condition. Wall or soffit mounted. Up to 5 metres wide and 3m projection. Fabric recommendation – Recacril Acrylic Awning Canvas – available in an extensive range of colours, textures and stripes.

Stayput™ Fasteners

The range includes double and single, horizontal and vertical.

All available in either White or Black nylon or Stainless Steel.

SY__
