Spring is around the corner and like many we are having a spring clean out. So please take the time to look at some of the incredible specials we are offering on this review and keep an eye out for more to come over the next couple of months.

## Recacril Acrylic Canvas – Boatmaster Range

We have added Grey and Charcoal in 152cm wide

This width is very common for use in sail covers and reduces waste.

**CVARGY152 and CVARCC152**

## In Stock Now

The SLIKFIT Buttonless Tonneau System is a patented tonneau track system that makes it possible to custom fit a buttonless tonneau to any ute. The system consists of an aluminium track that is attached to the top edge of the ute tray, and a robust plastic strip sewn to the tonneau. No buttons, no bungy cord, no clips or press studs, just a neat and tidy finish.

## VELCRO® Brand Pressure Sensitive Tape

Acrylic self adhesive fastener tape with superior bond strength and high temperature performance. The 0172 Acrylic adhesive provides a superior bond to other products on the market. Achieves full bond strength in 24 hours.

Suitable for use in automotive, signage, computer housing, sports equipment, envelopes, wall brackets, medical and other general manufacturing applications.

Range includes 20mm, 25mm and 50mm widths. Hook and Loop sold separately in 25m rolls. Available in Black and White and Beige in 50mm Loop.

## Did you know?

As we are all well aware NZ has one of the harshest environments for UV and long term exposure to sunlight causes degradation and physical deterioration to products. UV Radiation does not damage carbon and many black products are made up of carbon particles meaning although black products will absorb more heat, the natural UV resistance of carbon reduces the amount of damage compared to other coloured products. Therefore we recommend the use of black options in applications where UV impact is high.

## Restud Rubber Coin Matting Black

120cm wide, 3mm thick with 22mm raised discs. Used in high wear areas such as bus step wells, aisles and commercial entrances.

**MGYTRS**

## Webtex® Polyester General Purpose Webbing

Medium weight high-tenacity webbing used for shade sails, handles, tie downs and sail covers.

19mm Black

25mm Black and White

38mm Black and White

50mm Black and White
